

OASIS

DRILLING CC

Company Profile

We are a family owned and run company by the brothers Craig and Gavin McGregor, aiming to gain customers trust and satisfaction through our proven reputation for performance, quality, innovation, safety and integrity.

Craig and Gavin previously also worked with their father Stephen McGregor for his drilling company. After which they started their own business Oasis Drilling CC. This now gives Oasis Drilling's team a combined experience of over 30 years and more than 300 000 meters of RC Drilling.

We are competitive in the market and go the extra mile to meet our customers expectations.

In the past we have done several drilling projects for Reptile Uranium, North River Resources, Namibian Science and Development and Erongo Red

Drilling services offered
